

Richard Waygood has held two highly educational full day Senior Instructors Courses in Area 12 of The Pony Club. Over 80 instructors came on each occasion and, without exception, all were unanimous in saying that these were the most informative and inspirational courses they had ever attended. They all went away brimful of new ideas and full of praise for the clarity of his delivery and the way his exercises could be adapted to varying standards in the same group of riders.

He was also the guest speaker at the National Pony Club Conference at Cheltenham in March 2009 where he gave a highly entertaining talk to more than 500 delegates.
